

**BIKE  
AUTO****SAFETY DATA SHEET  
WOBO - BIKEAUTO****SECTION 1: Identification of the substance/mixture and of the company/undertaking****1.1. Product identifier****Product name** WOBO - BIKEAUTO**1.2. Relevant identified uses of the substance or mixture and uses advised against****Identified uses** Polish.**Uses advised against** This product is not recommended for any other purpose than stated above.**1.3. Details of the supplier of the safety data sheet****Supplier** Paul Dyson Limited T/A BIKEAUTO  
BIKEAUTO  
Unit EU2 Armadillo Business Storage  
Industry Road  
Newcastle upon Tyne  
NE6 5XB  
0191 2666111  
info@bikeauto.co.uk**Contact person** Paul Dyson**1.4. Emergency telephone number****Emergency telephone** As Above - Opening Hours 9 am - 5 pm (Monday - Friday)**SECTION 2: Hazards identification****2.1. Classification of the substance or mixture****Classification (EC 1272/2008)****Physical hazards** Flam. Liq. 3 - H226**Health hazards** Asp. Tox. 1 - H304**Environmental hazards** Not Classified**2.2. Label elements****Hazard pictograms****Signal word** Danger**Hazard statements** H226 Flammable liquid and vapour.  
H304 May be fatal if swallowed and enters airways.

## WOBO - BIKEAUTO

|   |  |
|---|--|
| <b>Precautionary statements</b>               | <p>P102 Keep out of reach of children.</p> <p>P103 Read label before use.</p> <p>P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.</p> <p>P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.</p> <p>P301+P310 IF SWALLOWED: Immediately call a POISON CENTER/ doctor.</p> <p>P303+P361+P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower.</p> <p>P501 Dispose of contents/ container in accordance with national regulations.</p> |
| <b>Contains</b>                               | Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics, Hydrocarbons, C11-C14, n-alkanes, isoalkanes, cyclics, <2% aromatics  |
| <b>Supplementary precautionary statements</b> | <p>P233 Keep container tightly closed.</p> <p>P240 Ground and bond container and receiving equipment.</p> <p>P241 Use explosion-proof electrical equipment.</p> <p>P242 Use non-sparking tools.</p> <p>P243 Take action to prevent static discharges.</p> <p>P331 Do NOT induce vomiting.</p> <p>P370+P378 In case of fire: Use foam, carbon dioxide, dry powder or water fog to extinguish.</p>   |

### 2.3. Other hazards

#### SECTION 3: Composition/information on ingredients

##### 3.2. Mixtures

|  |  |
|--|--|
| <b>Hydrocarbons, C9-C11, n-alkanes, cyclics, &lt;2% aromatics</b>              | <b>10-30%</b>                                    |
| CAS number: —  | EC number: 919-857-5                             |
|  | REACH registration number: 01-2119463258-33-XXXX |
| <b>Classification</b>  |  |

| STOT SE 3 - H336   |  |
| Asp. Tox. 1 - H304   |  |
| <b>Hydrocarbons, C11-C14, n-alkanes, isoalkanes, cyclics, &lt;2% aromatics</b> | <b>5-10%</b>                                     |
| CAS number: —  | EC number: 926-141-6                             |
|  | REACH registration number: 01-2119456620-43-XXXX |
| <b>Classification</b>  |  |
| Asp. Tox. 1 - H304   |  |

The full text for all hazard statements is displayed in Section 16.

#### SECTION 4: First aid measures

##### 4.1. Description of first aid measures

|                   |   |
|-------------------|---|
| <b>Inhalation</b> | Remove from further exposure. For those providing assistance, avoid exposure to yourself or others. Use adequate respiratory protection. If respiratory irritation, dizziness, nausea, or unconsciousness occurs, seek immediate medical assistance. If breathing has stopped, assist ventilation with a mechanical device or use mouth-to-mouth resuscitation. |
| <b>Ingestion</b>  | Do not induce vomiting. Seek immediate medical attention.   |

## WOBO - BIKEAUTO

**Skin contact** Wash contact areas with soap and water. Remove contaminated clothing. Launder contaminated clothing before reuse.

**Eye contact** Flush thoroughly with water. If irritation occurs, get medical assistance.

### **4.2. Most important symptoms and effects, both acute and delayed**

**General information** No further relevant information available.

### **4.3. Indication of any immediate medical attention and special treatment needed**

**Notes for the doctor** No further relevant information available.

## **SECTION 5: Firefighting measures**

### **5.1. Extinguishing media**

**Suitable extinguishing media** Extinguish with the following media: water fog, foam, dry chemical or carbon dioxide (CO<sub>2</sub>) to extinguish flames.

**Unsuitable extinguishing media** Do not use: Straight streams of water.

### **5.2. Special hazards arising from the substance or mixture**

**Hazardous combustion products** Smoke, Fume, Incomplete combustion products, Oxides of carbon

### **5.3. Advice for firefighters**

**Protective actions during firefighting** Evacuate area. Prevent run-off from fire control or dilution from entering streams, sewers or drinking water supply. Fire-fighters should use standard protective equipment and in enclosed spaces, self-contained breathing apparatus (SCBA). Use water spray to cool fire exposed surfaces and to protect personnel.

Unusual Fire Hazards: Combustible.

## **SECTION 6: Accidental release measures**

### **6.1. Personal precautions, protective equipment and emergency procedures**

**Personal precautions** NOTIFICATION PROCEDURES  
In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations.

PROTECTIVE MEASURES  
Avoid contact with spilled material.

### **6.2. Environmental precautions**

**Environmental precautions** Large Spills: Dyke far ahead of liquid spill for later recovery and disposal. Prevent entry into waterways, sewers, basements or confined areas.

### **6.3. Methods and material for containment and cleaning up**

**Methods for cleaning up** Stop leak if you can do so without risk. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers. Recover by pumping or with suitable absorbent.

### **6.4. Reference to other sections**

**Reference to other sections** See section 6.1

## **SECTION 7: Handling and storage**

### **7.1. Precautions for safe handling**

## WOBO - BIKEAUTO

**Usage precautions** Ensure good ventilation/exhaustion at the workplace. Ensure good interior ventilation, especially at floor level. (Fumes are heavier than air). Keep ignition sources away - Do not smoke.  
Protect against electrostatic charges.  
Protect from heat. Use explosion-proof apparatus / fittings and spark-proof tools. Fumes can combine with air to form an explosive mixture.

### 7.2. Conditions for safe storage, including any incompatibilities

**Storage precautions** Keep in cool, dry, ventilated storage and closed containers Handle containers with care. Open slowly in order to control possible pressure release. Do not store together with acids. Store away from oxidizing agents.

### 7.3. Specific end use(s)

**Specific end use(s)** The identified uses for this product are detailed in Section 1.2.

## SECTION 8: Exposure controls/Personal protection

### 8.1. Control parameters

**Ingredient comments** WEL = Workplace Exposure Limits

#### Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics

**DNEL** Consumer - Oral; Long term systemic effects: 300 mg/kg/day  
Consumer - Dermal; Long term systemic effects: 300 mg/kg/day  
Workers - Dermal; Long term systemic effects: 300 mg/kg/day  
Workers - Inhalation; Short term systemic effects: 1500 mg/m<sup>3</sup>  
Consumer - Inhalation; Long term systemic effects: 900 mg/m<sup>3</sup>

#### Hydrocarbons, C11-C14, n-alkanes, isoalkanes, cyclics, <2% aromatics

**Ingredient comments** No exposure limits known for ingredient(s).

### 8.2. Exposure controls

#### Protective equipment

#### Appropriate engineering controls

The level of protection and types of controls necessary will vary depending upon potential exposure conditions.

Control measures to consider:

Adequate ventilation should be provided so that exposure limits are not exceeded. Use explosion-proof ventilation equipment.

#### Eye/face protection

If contact is likely, safety glasses with side shields are recommended.

#### Hand protection

Any specific glove information provided is based on published literature and glove manufacturer data. Glove suitability and breakthrough time will differ depending on the specific use conditions. Contact the glove manufacturer for specific advice on glove selection and breakthrough times for your use conditions. Inspect and replace worn or damaged gloves. The types of gloves to be considered for this material include: Chemical resistant gloves are recommended. Nitrile, CEN standards EN 420 and EN 374 provide general requirements and lists of glove types.

## WOBO - BIKEAUTO

### Other skin and body protection

Any specific clothing information provided is based on published literature or manufacturer data. The types of clothing to be considered for this material include:  
Chemical/oil resistant clothing is recommended.

### Hygiene measures

Based on and limited to our experience of this product, the following special advice is believed to provide satisfactory protection for the industrial user or handler. The choice of suitable protective equipment depends on work conditions and what methods are used for handling the substance. This advice is not a substitute for each Company conducting their own Risk/COSHH Assessments, but is provided as general guidance. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Discard contaminated clothing and footwear that cannot be cleaned. Practice good housekeeping.

### Respiratory protection

If engineering controls do not maintain airborne contaminant concentrations at a level which is adequate to protect worker health, an approved respirator may be appropriate. Respirator selection, use, and maintenance must be in accordance with regulatory requirements, if applicable. Types of respirators to be considered for this material include: Half-face filter respirator Type A filter material, European Committee for Standardization (CEN) standards EN 136, 140 and 405 provide respirator masks and EN 149 and 143 provide filter recommendations.

For high airborne concentrations, use an approved supplied-air respirator, operated in positive pressure mode. Supplied air respirators with an escape bottle may be appropriate when oxygen levels are inadequate, gas/vapour warning properties are poor, or if air purifying filter capacity/rating may be exceeded.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|  |                  |
|--|------------------|
| Appearance                                   | Opaque liquid.   |
| Colour                                       | Various colours. |
| Odour  | Varying          |
| Odour threshold                              | Not determined.  |
| pH   | Not determined.  |
| Melting point                                | Not determined.  |
| Initial boiling point and range              | Not determined.  |
| Flash point                                  | > 36°C           |
| Evaporation rate                             | Not determined.  |
| Evaporation factor                           | Not determined.  |
| Flammability (solid, gas)                    | Not determined.  |
| Upper/lower flammability or explosive limits | Not determined.  |
| Other flammability                           | Not determined.  |
| Vapour pressure                              | Not determined.  |
| Vapour density                               | Not determined.  |
| Relative density                             | ~ 0.96           |

## WOBO - BIKEAUTO

|   |   |
|---|---|
| <b>Bulk density</b>                             | Not determined.   |
| <b>Solubility(ies)</b>                          | Immiscible with water.                                      |
| <b>Partition coefficient</b>                    | Not determined.   |
| <b>Auto-ignition temperature</b>                | Not determined.   |
| <b>Decomposition Temperature</b>                | Not determined.   |
| <b>Viscosity</b>                                | Not determined.   |
| <b>Explosive properties</b>                     | Not determined.   |
| <b>Explosive under the influence of a flame</b> | Not considered to be explosive.                             |
| <b>Oxidising properties</b>                     | Not determined.   |
| <b>Comments</b>                                 | Information given is applicable to the product as supplied. |

### 9.2. Other information

|                                  |                                    |
|----------------------------------|------------------------------------|
| <b>Other information</b>         | No relevant information available. |
| <b>Refractive index</b>          | Not determined.                    |
| <b>Particle size</b>             | Not determined.                    |
| <b>Molecular weight</b>          | Not determined.                    |
| <b>Volatility</b>                | Not determined.                    |
| <b>Saturation concentration</b>  | Not determined.                    |
| <b>Critical temperature</b>      | Not determined.                    |
| <b>Volatile organic compound</b> | Not determined.                    |

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

|                   |                         |
|-------------------|-------------------------|
| <b>Reactivity</b> | See sub-sections below. |
|-------------------|-------------------------|

### 10.2. Chemical stability

|                  |   |
|------------------|---|
| <b>Stability</b> | Material is stable under normal conditions. |
|------------------|---|

### 10.3. Possibility of hazardous reactions

|   |               |
|---|---------------|
| <b>Possibility of hazardous reactions</b> | Not expected. |
|---|---------------|

### 10.4. Conditions to avoid

|                            |   |
|----------------------------|---|
| <b>Conditions to avoid</b> | Avoid open flames and high energy ignition sources. |
|----------------------------|---|

### 10.5. Incompatible materials

|                           |                   |
|---------------------------|-------------------|
| <b>Materials to avoid</b> | Strong oxidisers. |
|---------------------------|-------------------|

### 10.6. Hazardous decomposition products

|   |  |
|---|--|
| <b>Hazardous decomposition products</b> | Material does not decompose at ambient temperatures. |
|---|--|

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

## WOBO - BIKEAUTO

### General information

Vapour concentrations above recommended exposure levels are irritating to the eyes and the respiratory tract, may cause headaches and dizziness, are anaesthetic and may have other central nervous system effects. Prolonged and/or repeated skin contact with low viscosity materials may defat the skin resulting in possible irritation and dermatitis. Small amounts of liquid aspirated into the lungs during ingestion or from vomiting may cause chemical pneumonitis or pulmonary edema.

### Toxicological information on ingredients.

#### Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics

##### Acute toxicity - oral

Acute toxicity oral (LD<sub>50</sub> mg/kg) 5,000.0

Species Rat

ATE oral (mg/kg) 5,000.0

##### Acute toxicity - dermal

Acute toxicity dermal (LD<sub>50</sub> mg/kg) 5,000.0

Species Rabbit

ATE dermal (mg/kg) 5,000.0

##### Acute toxicity - inhalation

Acute toxicity inhalation (LC<sub>50</sub> dust/mist mg/l) 5.0

Species Rat

##### Skin corrosion/irritation

**Summary** Repeated exposure may cause skin dryness or cracking. Information given is based on data of the components and of similar products.

##### Serious eye damage/irritation

**Summary** May cause discomfort. Information given is based on data of the components and of similar products.

##### Respiratory sensitisation

**Summary** Not applicable.

##### Skin sensitisation

**Summary** Not applicable.

##### Germ cell mutagenicity

**Summary** Not applicable.

##### Carcinogenicity

**Carcinogenicity** Carcinogenicity in humans is not expected.

##### Reproductive toxicity

**Summary** Not applicable.

##### Specific target organ toxicity - single exposure

## WOBO - BIKEAUTO

|                                 |   |
|---------------------------------|---|
| <b>Summary</b>                  | May cause drowsiness or dizziness.            |
| <b><u>Aspiration hazard</u></b> |   |
| <b>Aspiration hazard</b>        | May be fatal if swallowed and enters airways. |
| <b>General information</b>      | The product contains organic solvents.        |
| <b>Target organs</b>            | Brain Central nervous system                  |

### SECTION 12: Ecological information

#### 12.1. Toxicity

##### Ecological information on ingredients.

##### Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics

##### Acute aquatic toxicity

LE(C)<sub>50</sub>

0.1 < L(E)C<sub>50</sub> ≤ 1

**Acute toxicity - fish**

LL<sub>50</sub>, 96 hours: 1000 mg/l, Oncorhynchus mykiss (Rainbow trout)

**Acute toxicity - aquatic invertebrates**

, 48 hours: 1000 mg/l, Daphnia magna

**Acute toxicity - aquatic plants**

, : 1000 mg/l, Pseudokirchneriella subcapitata

**Acute toxicity - microorganisms**

, : 100 mg/l, Algae

##### Chronic aquatic toxicity

**Summary**

Aquatic Chronic 2

#### 12.2. Persistence and degradability

**Persistence and degradability** Readily biodegradable.

##### Ecological information on ingredients.

##### Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics

**Persistence and degradability**

The product is readily biodegradable.

#### 12.3. Bioaccumulative potential

**Bioaccumulative potential** Likely to bio-accumulate, but with short retention of the order of a week or less.

**Partition coefficient**

Not determined.

##### Ecological information on ingredients.

##### Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics

**Bioaccumulative potential**

No information available.

#### 12.4. Mobility in soil

**Mobility**

Insoluble: the product spreads over the surface of the water. Will slowly evaporate. The product has only slight mobility in the soil and will partially evaporate.

##### Ecological information on ingredients.

## WOBO - BIKEAUTO

### Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics

**Mobility** No data available.

#### 12.5. Results of PBT and vPvB assessment

##### Ecological information on ingredients.

### Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics

**Results of PBT and vPvB assessment** This product does not contain any substances classified as PBT or vPvB.

#### 12.6. Other adverse effects

##### Ecological information on ingredients.

### Hydrocarbons, C9-C11, n-alkanes, cyclics, <2% aromatics

**Other adverse effects** Not determined.

### SECTION 13: Disposal considerations

#### 13.1. Waste treatment methods

**General information** Disposal recommendations based on material as supplied. Disposal must be in accordance with current applicable laws and regulations, and material characteristics at the time of disposal.

**Disposal methods** Product is suitable for burning in an enclosed controlled burner for fuel value or disposal by supervised incineration at very high temperatures to prevent formation of undesirable combustion products. REGULATORY DISPOSAL INFORMATION  
European Waste Code: 08 XX XX

NOTE: These codes are assigned based upon the most common uses for this material and may not reflect contaminants resulting from actual use. Waste producers need to assess the actual process used when generating the waste and its contaminants in order to assign the proper waste disposal code(s).

Empty Container Warning:

Empty Container Warning (where applicable): Empty containers may contain residue and can be dangerous. Do not attempt to refill or clean containers without proper instructions. Empty drums should be completely drained and safety stored until appropriately reconditioned or disposed. Empty containers should be taken for recycling, recovery or disposal through suitably qualified or licensed contractor and in accordance with governmental regulations. DO NOT PRESSURISE, CUT, WELD, BRAZE, SOLDER, DRILL, GRIND OR EXPOSE SUCH CONTAINERS TO HEAT, FLAME, SPARKS, STATIC ELECTRICITY, OR OTHER SOURCES OF IGNITION. THEY MAY EXPLODE AND CAUSE INJURY OR DEATH.

### SECTION 14: Transport information

#### 14.1. UN number

|                  |      |
|------------------|------|
| UN No. (ADR/RID) | 1139 |
| UN No. (IMDG)    | 1139 |
| UN No. (ICAO)    | 1139 |
| UN No. (ADN)     | 1139 |

#### 14.2. UN proper shipping name

**WOBO - BIKEAUTO**

Proper shipping name (ADR/RID) COATING SOLUTION

Proper shipping name (IMDG) COATING SOLUTION

Proper shipping name (ICAO) COATING SOLUTION

Proper shipping name (ADN) COATING SOLUTION

**14.3. Transport hazard class(es)**

ADR/RID class 3

ADR/RID classification code F1

ADR/RID label 3

IMDG class 3

ICAO class/division 3

ADN class 3

**Transport labels****14.4. Packing group**

ADR/RID packing group III

IMDG packing group III

ICAO packing group III

ADN packing group III

**14.5. Environmental hazards**

Environmentally hazardous substance/marine pollutant

No.

**14.6. Special precautions for user**

EmS F-E, S-E

ADR transport category 3

Emergency Action Code •3Y

Hazard Identification Number (ADR/RID) 30

Tunnel restriction code (D/E)

**14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code**

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not applicable.

and the IBC Code

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

## WOBO - BIKEAUTO

### EU legislation

Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended).

Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended).

### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

### SECTION 16: Other information

**Revision date** 08/04/2022

**Revision** 2

**Supersedes date** 30/08/2016

**Hazard statements in full** H226 Flammable liquid and vapour.  
H304 May be fatal if swallowed and enters airways.  
H336 May cause drowsiness or dizziness.

This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process. Such information is, to the best of the company's knowledge and belief, accurate and reliable as of the date indicated. However, no warranty, guarantee or representation is made to its accuracy, reliability or completeness. It is the user's responsibility to satisfy himself as to the suitability of such information for his own particular use.
